

EAGLE & BLUE BELL

Rich Ore Sent Down by This Tintic Bonanza. FOUR OUNCES IN GOLD MR. DIGNOWITY BUYS 140,000 SHARES OF OLD COLONY.

Paid 10 Cents Per Share For the Big Block—Extension of Tramway at Bingham—Officers of Daisy Unload and Stock Drops to 5 Cents—Gypsy Blair Listed.

(Special Correspondence.) Robinson, Nov. 25.—Eagle & Blue Bell, more than ever promising to add to Eureka's already great list of fortune makers, sent forward this morning a car of extremely fine ore. In speaking of the probable value of the shipment, in comparison with recent lots, Jackson McChrystal said that it would undoubtedly sample close to four ounces in gold and between the 45-55 to thirty-eight ounces of silver, making it between a \$30 and \$100 one.

Mr. McChrystal spoke of a new and promising lead chute that the workings had lately discovered and from which they had cut about four tons of very nice ore, coming from an upraise off the vein, sunk from the old tunnel level. As quickly as the ore can be sunk to a point to connect with the drift running northward from the ore chute on the lower workings, it will facilitate work and permit of much expeditions cutting and hoisting of mineral. At present the breast of ore in the north stop of the vein at the 200 point reveals a body of ore yielding 15 ounces of silver and one ounce of gold—and, as Mr. McChrystal added, "that is just about the average sampling of fully 700 feet of good stopping ground which will be reached by the new shaft, and the balance of the vein of fully 750 feet from the mountain surface, which being very precipitous, enables us to gain depth rapidly."

The mine has been in operation for a month since August and September the mill was kept in operation, but instead of showing a profit, the balance sheets disclosed a large deficit. The Bank of Commerce, it is claimed, has refused to give the company any more credit, so the chief officers of the company have become disgraced and have thrown their hats into the street, and are now being content to pocket their losses and quit.

Mr. Hunter left for his home in Indiana last night. It is asserted that he paid something like \$34,000 for what holdings he had in the Daisy, and got out of it with a loss of about \$25,000. John Decker yesterday, paid as high as 60 cents a share for some of his stock. It was said, too, that he retained all of it until it went down to 17 cents, when he began to sell. He is now selling at 15 cents a share, and is said to have lost \$100,000 on the deal. The property owned by the company is located on the west side of Granite Mountain in Tintic, and extends from the south boundary lines of the Lower Mammoth on over to the Habbit's Foot and Frankie group. A. Moon of Provo, formerly one of the owners of the property, shipped more than \$12,000 worth of ore out of one rich chute several years ago. Active work is to be started on the property at once, under the direction of J. C. Sullivan of Eureka, who has had several years' experience in mining in the Tintic district. Mr. Sullivan will put the property in order at once, and within six weeks after he makes the start it is thought he will have everything in shape to commence shipping ore. Mr. Dignowity and Richard Currier, who are conducting some examinations at the mine the early part of last week, and both are of the opinion the property has a contact vein upon it, such as is found in the Grand Central and Mammoth. The property has the advantages of being located on the railroad and close to the water pipe line. The company was incorporated with \$500,000 shares of a par value of \$1 each.

NEW REGULATIONS ADOPTED BY THE MINING EXCHANGE. The listing committee of the stock exchange met yesterday afternoon in the office of W. H. Tibbels to take up the application of the Gypsy Blair Mining company to list its stock on the exchange. The application was approved. The company is to be listed at 50 cents each. The officers of the company are: J. C. Lynch, president; William Crozier, secretary; Ben D. Lamm, treasurer.

THEORE BRUBACK TO UNTANGLE NEW MAMMOTH'S AFFAIRS. The New Mammoth Gold Mining company yesterday went into the hands of a receiver. Theodore Bruback was appointed receiver by Judge Hiles on petition of John R. Foulks, a creditor of the company, and by consent of the defendant company duly entered. The receiver is required to execute a bond in the sum of \$10,000, and upon approval of the bond he is empowered to take charge of and manage the property under the direction of the court.

are to be sent down at once to be followed with others until the winter snow closes the country. Mr. Bothwell says the Petro will offer some surprises when movements of ore commence next spring, after the intended suspension through the winter.

WEEK'S ORE AND BULLION. Nearly \$290,000 Checked Out For Gold, Silver and Lead. Notwithstanding the curtailment of business by the practical withdrawal of Ontario and Daly-West first-class ores during the past week, due to the controversy with the American Smelting & Refining company, the settlements make a very respectable showing. The ore and bullion settlements, proper, amounted to \$268,515, while the ton or over of gold and silver cyanides purchased by the Consolidated Kansas City Smelting & Refining company will amount to something like \$20,000 more.

ANOTHER BINGHAM COMPANY. The Banzok Consolidated Is Now Ready For Business. Articles of incorporation of the Banzok Consolidated Mining company were filed with the county clerk yesterday. The capital stock is fixed at \$400,000, in 10-cent shares, and the purpose is to acquire the Banzok mining claim, situated in West Mountain district. Henry Quayle is president; Joseph S. Free, vice president; L. D. Young, secretary; W. W. Smith, treasurer; and the other directors are L. S. Murdoch.

Uhlig et al.; order overruling demurrer made Nov. 22 set aside.

The company is incorporated for fifty years with a capital stock of \$200,000 in 200,000 shares of the par value of \$1 each.

Star Consolidated suffered a fearful drop with no apparent cause for it except that a combination was formed to knock it down. THE CLOSING QUOTATIONS WERE AS FOLLOWS:

Table with columns: Bid, Ask, Shares, Amount. Lists various stocks like Ajax, Albion, Alliance, etc.

YESTERDAY'S TRANSACTIONS. A total of 61,000 shares of Daisy was unloaded yesterday. The bottom fairly dropped out and the stock was forced down to 5 cents. Daisy-West was in fairly good tone, while Mammoth was taken down at \$2.75. For Ontario \$5.40 was bid and \$6.00 was asked.

WALCOTT GOT DECISION. Fight Was Slow and Both Men Were Hissed. Chicago, Nov. 25.—Joe Walcott was given the decision over Dan Creedon at Tattersall's tonight at the end of six rounds. The men fought at catch weights, neither being in first-class condition. The first three rounds of the fight were so slow that the spectators hissed, and Manager Hooteman came into the ring and warned both men that they must fight, or they would receive no money for the fight. Things warmed up a trifle, but it was not a fast fight at any stage. Walcott did more leading, and his blows seemed to have more effect. Creedon was on the defensive, confining himself for the most part to countering. The decision of Referee Hogan was well received.

BENNET BEATS ZEIGLER. Chicago, Nov. 25.—Jack Bennett of McKeesport gained the decision over Owen Zeigler of New York tonight at the Chicago Athletic club, after six rounds of clever boxing.

Kansas City, Mo., Nov. 25.—In the big forty-eight-hour bicycle race at Convention hall this afternoon Champion Miller punctured a tire and went from first to fourth place. The puncture occurred at 3:21, while the men were going at a furious rate, and caused Miller to lose a lap. This put the champion on even terms with Reine, the Nashville man. The five leaders were practically in a bunch, and the struggle ensued. Neiderhofer, the tall-ender, left the track after one hour and fifteen minutes' riding. The start today was made at 1:38.

Ready for Men to Wear

Hands of Hugh Hefferman, and also drew up articles of agreement, which are said to be satisfactory to both contestants. As specified in the agreement, the fight is to take place at the Odd Fellows' hall in Eureka on Dec. 18, and the prize for 25,000 a side, winner pulling down 12 per cent off the net gate receipts. The contest will be limited to twenty rounds, and if, at the conclusion of that time, both men are still under their feet, no decision will be rendered by the referee. Some time ago McCarthy placed a forfeit of \$100 in the hands of D. J. Sullivan, of this place, but as there was some objection made, Williams' backers placed their money with Mr. Hefferman, and for a while it seemed as though the fight would be postponed. McCarthy's friends say that the entire forfeit money will be put up in a few days.

WANTS BIG FIGHT. San Francisco Man Will Offer \$50,000 For Corbett-Jeffries Mill. New York, Nov. 25.—D. J. Tobin of San Francisco, who offered \$50,000 for the Corbett-Jeffries fight on the day the articles were signed, is in town and says that he will bid for the contest. "I am satisfied that I will get the contest, as I will offer more than anyone else. I will produce the money at the right time. My backing is the best and I am satisfied that I can give more for the contest and pull it off at the Mechanic's Pavilion, than can any eastern club. I mean business and will bid at the proper time."

Australian Only Lasted Two Rounds Before Philadelphia. Toronto, Ont., Nov. 25.—Jack McCormick of Philadelphia knocked out Joe Goddard of Australia in the second round of what was to have been a twenty-round battle before the Crescent club tonight. McCormick forced Goddard to quit in the first round, chasing Goddard around the ring. McCormick and McCormick went after his man in a furious manner. A right on the jaw sent the Australian to the floor with a crash after forty seconds' fighting. Goddard had to be carried to his corner after he had been counted out.

CALIFORNIA TROTTERS SOLD. Sale of Mrs. Stanford's and A. B. Spreckels' Horses. New York, Nov. 25.—California trotters from the Palo Alto stock farm of Mrs. Jane L. Stanford and the Aptos farm of A. B. Spreckels monopolized the attention of bidders and auctioneer at the Fasig-Tipton sale in Madison Square Garden today. They were, for the most part, undeveloped youngsters, and considering this fact, they brought excellent prices. One of the Palo Alto 2-year-old bay gelding Wildina, by Wildnut, out of Orphina, 2:17.4, by Nevada, 2:14.5, died shortly after entering the garden. She was a promising filly, and was entered in the 1929 Kentucky Fair, to be trotted at Lexington next year.
